

## International Public Tender

### Chilean National Electric Transmission

System New 1x220kV Line Reactor Nueva Pozo Almonte –  
Roncacho at S/E Nueva Pozo Almonte

Within the framework of the provisions of Law N°21.721 of 2024, which modifies the General Law of Electric Services, and Exempt Resolution N°98 of 2025, from the Ministry of Energy, the Owner of the Works will issue a call for an International Public Tender for the Award of the rights to operate the following expansion work, published in Exempt Decree N°266 of 2024:

Project	Construction Period (months)	Reference Investment Value (USD)
New 1x220kV Line Reactor Nueva Pozo Almonte – Roncacho at S/E Nueva Pozo Almonte	42	4.742.657

The Tender Documents will be publicly and freely available on the website of the Electric Coordinator (<https://www.coordinador.cl/desarrollo/documentos/licitaciones/ampliacion/>) and the Instructions for Acquiring Documents and Registering Participants will be available on the Redinter Chile website (<https://www.redinter.cl/es/licitaciones/decreto-266-nueva-pozo-elmonte-roncacho>), starting from September 26, 2025.

Legal entities, both Chilean and foreign, may acquire the Documents and register in the Participants Registry. They may participate individually or as part of a consortium or association, complying with the requirements and conditions established in the General Law of Electric Services and in the Tender Documents.
